January 2010

2010-EXHIBITIONS AND EVENTS

2010 will be the year that Architectural Glass makes a huge impact in the city of Melbourne, and from there to the rest of Australia.

Here are important dates for your calendar for 2010 :

13 January—Richard Millard Lecture

20 February— last date for submissions for Federation Square event

1 August—last date for entries submitted for Members Show

18 August—Opening Night for Members Show at Chapel off Chapel—show open until September 18

13 September—Opening Night (to be confirmed) for Federation Square event, and lecture—event runs until Sunday September 26

There will be other events, including a Dinner to coincide with the Fed Square event, and a Laminating Workshop.

Dates for these, and any other events will be advised as soon as they become available.

AGDA hopes that all members will support these events, especially the two exhibitions, in order to fully utilise the opportunities we are creating to promote Architectural Glass.

The 2009 Chapel off Chapel event was a huge success; together we will all build on that success and make 2010 even more remarkable for our sector.

See AGDA website www.agdavic.com.au for more details of events.

HELP NEEDED :

To enable us to present these events to the absolute best of our ability, some help with areas such as publicity and marketing would be appreciated if you have time, resources or information to volunteer.

Let Donna know if there are any areas in which you would like to assist—thank you.

RICHARD MILLARD LECTURE

AGDA is inviting you to a special event on January 13th at 7pm, at the Exchange Hotel 39 Bay St Port Melbourne.

Visiting renowned designer glass painter and educator Richard Millard from the US, has kindly offered to

present a lecture on: "The Future of Leadlight and Stained Glass".

Geoffrey Wallace has also generously supported this event by donating two very special prints (see website for details) to be raffled and

auctioned as a fundraiser for the work AGDA is currently engaged upon to promote our sector.

AGDA thanks both Richard Millard and Geoffrey Wallace for their generous support. Hope to see you there.
